

Cationic Hydration Technology

ALCOHOL ANTISEPTIC 70% TOPICAL SOLUTION
HAND SANITIZER Gel
 Non-Sterile solution kills 99.99% of germs.

Hydro-alcoholic hand sanitiser gel with a unique combination of cetrimide and chlorhexadine gluconate, Salvo works against a wide range of vegetative gram-positive and gram-negative bacteria, Virus and Fungi.

Conventional hand sanitisers do not keep killing harmful pathogens after they dry on hands. Salvo acts on hands for several hours after application and prevents re-infection, lessening the risk of transmission of bacteria, germs, algae, and more. It barrages with the collective potential of Cetrimide with CHG and interrupts the oxygen metabolism of germs resulting in 99.99% destruction. Added with emollients and botanic's for a smooth feel.
