

# HYDEX

## Active Chlorine Disinfectant

Hydex is Sodium Hypochlorite, a Chloroxydiser and Disinfectant, modified with a blend of surfactants for general purpose cleaning and disinfection. Its thick clinging formula adheres to surfaces for enhanced cleaning performance, resists easy flushing and makes it an excellent agent for cleaning and disinfection. Hydex is perfect for Cleaning and Disinfecting Lavatories, Urinals, Drains, Sinks, Bathroom tiles, washable Walls & Surfaces, Food process and Sanitation etc. It can also be diluted and used for general Disinfection and Laundry stain removal. Hydex have powerful germ killing efficiency against all kinds of germs viz bacteria, viruses and moulds. It kills 99.99% of germs including E.Coli.

In addition to providing a simple, economical cleaning solution, Hydex offers lower maintenance than other disinfection options, and can be tailored to meet your specific needs when used in recommended dosages.

### Salient features

Cleans & freshens

Effectively removes a wide range of stains.

Powerful germ killing efficiency. Kills 99.99% of germs including E.Coli.

Keeps toilets, sinks & drains from unpleasant odours.

Ecofriendly – contains biodegradable ingredients.

### Specification

Appearance	: Off white hazy liquid
pH	: 11 +/- 0.5
Odour	: Fresh lime
Surfactants	: Nonionic
Solubility	: 100%

### Directions for use :

Hydex is a rinsible product. Use the recommended volume of the product for best results.

**Toilets & Drains:** Use undiluted to disinfect, remove stains and alleviate malodours. Direct Hydex round toilet bowl or urinal generously and under rim. Allow a short contact time before agitating with a toilet brush and flush thoroughly.

**General Cleaning and Disinfection :** Dilute Hydex up to 1:60 parts water ( 50 ml per 3ltr). Wipe surface and rinse thoroughly with clean water.

**Soaking Mops and Clothes:** Dilute up to 1:40 parts water (50ml per 2 Ltr). Soak for 30 minutes and rinse with clean water.

## Safety precautions :

Do not use Hydex with other toilet cleaners. Hydex contains active Sodium Hypochlorite. Do not mix with any other cleaning products especially acids as this will generate toxic chlorine gas. If on body, it can cause severe skin burns and eye damage. Toxic to aquatic life with long lasting effects.

Do not breathe fumes, gas, mist, vapours or spray. Wear protective gloves for your safety.

## Useful Tips

Use at recommended dosages. Using too much of Hydex can damage the surface you are trying to clean, while using too little may be ineffective. Check the label, and follow the instructions.

## First aid measures

IF INHALED: Remove person to fresh air and keep comfortable for breathing. If person feels uncomfortable get immediate medical attention.

SKIN CONTACT : Remove contaminated clothing. Wash off immediately with plenty of soap and water. If irritation persists get medical attention.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present. Continue rinsing. Get immediate medical attention.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Get immediate medical attention.

## Storage :

Hydex is a difficult product to store, particularly in warm weather as it loses strength over time. Store upright in a cool dark place away from heat and sunlight.

Screw on cap tightly after use in original container.

Store out of reach of children

**Packing** :1 Ltr, 5 Ltrs,20 Ltrs & 50 Ltrs.

**Shelf Life** : 6 Months from the date of manufacture .

## Important :
