

Oxyshield hydro-alcoholic hand sanitizer in combination with hydrogen peroxide, an oxidative biocide, releases nascent oxygen when applied to hands to induce damage on the DNA, protein and membrane of germs. The flash effect lasts as long as the oxygen is being released and is of short duration and is therefore safe to use on hands. Oxyshield has the advantage of safe environmental profile.

**Salient Features :**

- Nascent oxygen power kills 99.99% germs
- No sticky feel left on hands after use.
- Tested and proven to be effective against enveloped and non-enveloped bacteria and viruses.
- Skin feeling smooth and refreshed after use
- Refreshing fragrance
