

SANITOL

Pine sanitiser concentrate

Pine oil contains alpha terpineol plus other terpene alcohols and terpene hydrocarbons known for its bactericidal properties and superior cleansing actions.

Sanitol is pure pine based concentrate which readily mixes with water to form a snowy white emulsion. Its powerful penetrating action rapidly emulsifies grease, grime and particulate soil to make an excellent cleanser, sanitiser and deodouriser.

Sanitol cleans, Sanitises and deodourises in one single step leaving surfaces smelling great. Can be applied on a variety of surfaces like marble, ceramic, concrete, stone , terracotta etc.

Sanitol is most ideal for washrooms, kitchen and work areas.

Salient features :

- Cleans, Sanitises and Deodorise
- Environmentally friendly
- Broad spectrum activity
- Long lasting pleasant fragrance
- Can be diluted and used on all washable surfaces
- Concentrated product

Specifications :

Appearance	: Clear Amber Liquid
Odour	:Pine with Lemon grass / Orange
Solubility	:Soluble in water
Surfactant	:Non Ionic
Sp.Gravity (25 °C)	: 0.95

Directions for use :

General Cleaning: Use 1 cup (50mL) of product in a bucket of water (5Ltrs). Surface Cleaning: Dilute to 1 part product in 20 parts water in a spray bottle or bucket.

For heavy soiling dilute 1 part product to 10 parts water. Remove all food or produce from the area before cleaning. Apply to surfaces evenly using a mop, scrubbing brush or cloth to wash surfaces. Leave solution on surface for 2 minutes and mop up. Do not rinse.

For wash rooms : Dilute product to 1 part to 20 part water. Wet surfaces thoroughly leaving the solution in the toilet and urinals. Replace residual toilet bowl water with this solution leaving the solution in the commode and bowl as long as possible. Scrub the area and rinse with minimum water.

First Aid measures :

Inhalation: Remove victim from exposure . Remove contaminated clothing and loosen remaining clothing. Remove patient to fresh air. Seek medical advice if effects persist.

Skin Contact: If skin contact occurs, immediately remove contaminated clothing and flush skin with running water.

Eye contact: Keep eyelids open and flush with copious amount of water for 15 minutes. Remove clothing if contaminated and wash skin. Urgently seek medical assistance.

Ingestion: Rinse mouth with water. If swallowed, do NOT induce vomiting. Give a glass of water to drink. Never give anything by the mouth to an unconscious patient. If vomiting occurs give further water. Seek urgent medical.

SMALL SPILLS Wear protective equipment to prevent skin and eye contamination. Avoid inhalation of vapours or dust. Wipe up with absorbent (clean rag or paper towels).

LARGE SPILLS : Clean up immediately . Slippery when spilled.. Wear protective equipment to prevent skin and eye contamination and inhalation of vapours.

Storage:

Store in a cool, dry, well-ventilated place, out of direct sunlight.

Store away from sources of heat or ignition. Sanitol contains terpenes that are flammable.

Keep containers closed when not in use. Terpenes attack plastics. Check regularly for leaks.

Shelf life : 2 years from the date of manufacture.

Packing : 500 ml , 1 ltr , 5 Ltrs and 25 Ltrs

Important :

Be sure to read all Directions, Safety and First Aid Measures on product labels before use of SANITOL or any INCON product. If in doubt, get in touch with INCON customer service. Material Safety Data Sheets for all INCON products are available by visiting www.inconproducts.in

Non Warranty :
