

PRIMALSENSE

Perfumed Room refreshers

Natural Fragrances are Lifes Pleasant Memories

Fragrance perception is a primal sense. The deep soothing Sandalwood and comforting Patchouli notes get a surprising touch of nature with the infusion of English Cedar. Primal sense is a range of beautiful room fresheners made from a combination of amazing natural ingredients along with nature inspired synthetic fragrances. We have created few exciting scent experiences that challenge the boundaries of olfactory perceptions. Imagine an ambience, intuitively sensed by you, whose ingredients match your moods and memories. Nothing revives the past as completely as a smell that was once associated with it. Primal sense brings you the finest subtly refreshing scents that wafts into your consciousness, revives memories and brings you a nostalgic pleasure.

Available in a host of fragrances, Primal Sense is formulated for use in interiors of homes and Institutions.

- ❖ Breezy ocean
- ❖ Georgina
- ❖ Musky Blast
- ❖ Gentle
- ❖ Blue heaven
- ❖ Fresh Rose
- ❖ Polo

Specification :

Appearance	: White liquid emulsion
Odour	: Pleasant
Ph	: 6.5
Surfactant	: Nonionic
Foaming	: Mild

Directions for use :

Shake the bottle few times to create the pressure to aspirate the fragrance from the container through the spray nozzle. Direct the trigger slightly upwards and spray into the area to create an even mist of fragrance droplets.

Usage precautions:

Sprays are great for arid ambience. A little planning helps to liven up the place and efficiently keep odors at bay. Use mist spray mode and do not over-wet the area. You may need to apply depending on the traffic. If it's a private office or home, the perfume lingers the whole day. If it's an establishment where there's alcohol or food involved, it shortens the lifespan. You may have to spray multiple times in order to animate the area.

First aid measures:

Inhalation : The product is non toxic and non hazardous in nature. If it feels uncomfortable, move person to fresh air.

Skin contact : Wash with plenty of water. If irritation occurs apply vegetable glycerine over the area of contact.

Eye contact : Wash with plenty of water for 15 minutes. If irritation persist get medical help.

Ingestion : Rinse mouth thoroughly with water . Do not induce vomiting. If potentially dangerous volume of this material is consumed, get urgent medical attention.

Storage :

Screw on cap tightly after use in original container.

(In case of mist spray dispenser , turn the spray nozzle clockwise to close)

Store in a cool dry place and away from direct sunlight.

Store out of reach of children

Packing : 500 ml, 5 Ltrs & 20 Ltrs.

Shelf Life : 12 months from the date of manufacture .

Important :

Be sure to read all Directions, Safety and First Aid Measures on product labels before use of Primal Sense or any INCON product. If in doubt, get in touch with INCON customer service. Material Safety Data Sheets for all INCON products are available by visiting www.inconproducts.in

Non Warranty :

Manufacturer or seller of this product makes no warranty expressed or implied concerning the use of this product other than the aforementioned purpose. Manufacturer or seller is not liable for any injury or damage caused by this product arising out of misuse, misunderstanding or any application not specifically described and recommended on the safety data sheet.

Guarantee :

INCON's production and quality control system ensure uniform quality. However if dissatisfied with the performance of the product, you may return any unused portion for credit or replacement within 6 months of the date of manufacture.
