

Neutra is a floor cleaner and malodor annihilator designed for homes and institutions. *Neutra* is loaded with Silver particles to remove unpleasant odors and leaves a pleasant fragrance. Silver ions released by nano particles attacks pathogens and promote lysis, the Oligodynamic effect by which cells break down and ultimately die. Rather than just trying to mask the malodour with some overpowering fragrances, *Neutra* utilizes this unique odour elimination technology that targets odor causing pathogens and destroys them as soon as they come in contact. This makes the environment smell much nicer and more pleasant. *Neutra* can also be used in bathrooms and other areas that are susceptible to malodors. Economical and available in many fragrances, it's the ideal floor cleaner to have in all households. Much like natural fragrances, *Neutra* fragrances fall into categories such as citrus, woody, oriental, and floral, with each category offering unique smells.

Salient Features :

- Uses a unique odour elimination technology.
- Removes tough lingering odours, leaving a pleasant and fresh smell.
- Over 10 fragrances to choose that fits your tastes and preferences.
- Attacks a broad spectrum of pathogens.
- Biodegradable and ecofriendly.

- ❖ Musky Blast
- ❖ Gentle
- ❖ Blue heaven
- ❖ Fresh Rose
- ❖ Polo
- ❖ Neutral (Sans fragrance)

Specification :

Appearance	: White liquid emulsion
Odour	: Pleasant
Ph	: 6.5
Surfactant	: Nonionic
Foaming	: Mild

APPLICATIONS – Floors, Bathrooms, Household materials, Car interior, Bed wettings, Nursery, Basements, Attics, office, Pet's Odor, Trash Can, Wardrobe, Cloths, Shoe Box, Skunk Odor, Fabric, Bags, Carpet, Pillow, Mattress, Waterproof Pad and more home place.

Directions for use :

Cleaning of surfaces such as floors, walls, tables, chairs, benches, drains, etc., can be accomplished using the following procedure: Remove gross filth with a cleaner or other suitable detergent. The product may be used at a variable dilution range of 40ml to 50 ml for 5 Ltrs of water. Use a mop or brush or a coarse spray and apply over the surface. Allow a contact time of 3 minutes and mop up the solution or leave to air dry.

If using spray mode, shake the bottle few times to create the pressure to aspirate the fragrance from the container through the spray nozzle. Direct the trigger to the point from where the malodour emanates and spray into the area to create an even mist of fragrance droplets. Leave to air dry. Neutra is an effective Odor Eliminator that destroys Mold, Mildew, Bacteria, Fungus and viruses out from Carpet, Mattress and Fabrics.

Useful Tips :

If using coarse bottle spray, use mist spray mode. Neutra releases ions in contact with water molecules and turns to a potent annihilator. In order to animate the ions wet the surface before applying Neutra.

It is important to find a fragrance that you enjoy and find pleasant, so be sure to consider what scents you generally enjoy, and if you hate fragrances then it's a good idea to choose our scentless Neutra.

Usage precautions:

Cleaning is great for arid ambience. A little planning helps to liven up the place and efficiently keep odors at bay. Do not use oxidizing cleaners like bleach or peroxides when using Neutra. If using coarse bottle spray, use mist spray mode. Wet the area before Neutra is sprayed. You may wet the area multiple times after Neutra is sprayed. This helps for a complete odour neutralization. Do not over-wet the area.

Safety precautions

Use the product only in well ventilated area.

Do not release the product to the environment directly.

Product may be flushed to a sanitary sewer with copious amounts of water.

First aid measures:

Inhalation : The product is non toxic and non hazardous in nature. If feels uncomfortable, move person to fresh air.
