 Protects  Softens  Refresh

FABRIC SOFTENER

Deep down softness to your everyday wash

Settle into the refreshing world of comfort and freshness, Soft and Comfy is a unique formulation of rich thick biodegradable fabric conditioner that makes your fabric silky smooth and comfortable. In addition to being environmentally friendly and cost effective, Soft and Comfy is made with special formula that release bursts of fragrance all throughout the day and at the same time fights bacteria that produces foul smell.

Salient features :

Superior softness,
imparts fresh Fragrance
improved iron glide,
Eliminates static cling
Better color retention,
Fights odour causing bacteria

Specification :

Appearance : Viscous coloured liquid
Ph : 5 +/- 0.5%
Nature : Mild Cationic
Soluble : Soluble in hot and cold water

Directions for use :

Machine Wash : (5 kgs of clothes) Add to the rinse dispenser 30 ml soft and comfy. If in case the machine do not have a dispenser dilute 30 ml soft and comfy to 1ltr of water and add to the final rinse.

Hand Wash : Cotton and Cotton blends (4 Kgs of clothes) Add 25 ml Soft and Comfy to the final rinse water to dissolve completely. Immerse and swish your clothes thoroughly. Gently squeeze over the basin to remove excess water and drain dry.

Wool and woolen blends: Add 20 ml to 2 Kgs of clothes during final rinse.

Washing Tips :

If spotting occurs on fabric, wet and rub with mild soap, rinse and rewash.

Always ensure to dilute Soft and Comfy before adding to final rinse for manual wash. Your cloths don't crease as much in the wash and will be less wrinkled when they dry and it improves the way an iron glides across the material.

Using warm water will evenly lubricate the fabric that reduce friction so that static cling is avoided.

Precautions :

- Do not mix this product with bleaches, starch or water softeners as this may hamper the product performance. The product is formulated to provide the best results for exactly as it is.
- You may use hot water for washing . But when using soft and comfy do not use hot water for final rinse or hot drier to dry your clothes after rinsing.
- Fabric conditioner can increase the flamability of the product. Using more than recommended can increase this effect.

First Aid measures

Soft and Comfy is non toxic to skin and is safe for the family and environment. If irritation occurs during skin contact wash affected area and remove clothing.

If in eyes, hold eyes open and rinse with water. If irritation persists seek medical help.

If swallowed do not induce vomiting. Seek immediate medical advice.

Refer to Safety Data Sheet for more information

Storage ;

- Keep out of reach of children.
- Store fabric conditioner at room temperature, and out of direct sunlight. Avoid extreme heat and cold and never let fabric conditioner freeze.
- Avoid storing fabric conditioner for long periods of time, as this can cause the product to thicken. If product thickens dissolve in a capful of water.
