

Classic

Biodetergent powder with oxygen power

Classic is a low sudsing detergent formulated with power packed enzymes along with an advanced blend of builders and dispersion polymers.

Its active enzyme cleaning system takes washing one step further with the built-in enzyme stable peroxides that synergize oxygen power with bio-digestion rendering stain removal and odour elimination in one step leaving the clothes in its original condition as possible.

Except for silk and wool, Classic is formulated for a wide variety of fabrics including cotton and synthetics and cotton synthetic blends.

Salient features :

- Advanced bio degradable and ecofriendly formulation
- Ultra cleaning for stubborn stains, dirt and grease.
- Does not emit bad smell even on fabrics dried indoor
- Low suds for easy wash-off and leaves no residue on clothes
- Can be used in all types of machines and manual wash.

Specification :

- Appearance : White free flowing powder
- Odour : Lemon
- pH : < 11
- Surfactants : Anionic / Non Ionic
- Solubility : 100 %
- Foaming : Low
- Phosphates : < 7 %

Directions for use :

Type of wash & Fabric load	Mild	Normal	Stubborn	Extreme Stubborn
Machine (TL &FL) 5Kgs	20ml	40ml	60ml	80ml
Hand Wash 5 Kgs	25ml	40ml	60ml	80ml

For prespotting stains: Apply classic directly on the stains evenly and wet the surface. Rub the area with hand and allow the clothes to remain for few minutes before washing. Classic acts tough on all stains. For extremely stubborn stains presoak clothes before prespotting and put laundry through warm wash. Take care that wash temperature should not cross 60 Deg Cesium.

Safety precautions :

Do not use this detergent to wash silk and wool. (Silk and wool compose of proteins. Classic contains enzymes that can solubilise proteins)

Do not use hot water above 60 Deg celcius as it may harm the enzymes.

If allergic to detergents avoid manual wash. Wear gloves and eye protectors during machine wash and ensure no spillage on clothes.

First aid measures

If spilled on your body do not try to wipe dry. Wash with plenty of water. If irritation persists get medical help. In case of eye contact keep eye lids open and flush well with water for 15 minutes. If irritation persists get medical help. If ingested drink water to dilute. Take emergency medical care.

Storage :

Keep out of reach of children.

Keep container closed after use out of direct sunlight

Packing : 500 gms, 1 Kg and 25 kgs.

Shelf Life : 2 Years from the date of manufacture
