**Directions for use :****Sanitising Food Contact Surface Directions :**

Remove gross food particles and soils completely with a suitable cleaning agent and then rinse with clean water. Remove excess water. Spray or doze directly on the surface and ensure that the surface remains wet with IDEAL Quat solution for a minimum of 2 minutes. Treated surfaces or materials that may come into contact with food and drink materials should be thoroughly rinsed with potable water after the exposure time.

**Sanitising Non Food Contact surfaces :**

Apply this product directly to sanitise hard non porous surfaces with a cloth, mop or sponge. Allow to air dry before use.

**Sanitising Animal Care / Kennels / Pet shop :**

Remove all animals and feeds, litter, droppings and manure from floors , walls and surfaces of facilities occupied by animals. Thoroughly cleanse all surfaces with surfactants and rinse with water. Saturate surfaces with IDEAL quat for 2 minutes. Rinse with clean water and allow to dry. Do not house animals until the surface is dry.

**Safety precautions**

In case of dozing by spray, use a coarse spray device. Spray 6-8 inches from surface. Avoid breathing spray.

**First aid measures**

**Skin Contact:** Wash with plenty of water. Take off contaminated clothing and wash before reuse. Take medical advice if irritation persists.

**Eye Contact:** Remove contact lenses if present. Rinse copiously with water for several minutes. Continue rinsing. If irritation persists take medical advice.

**Ingestion:** Rinse out mouth. Do NOT induce vomiting. Seek urgent medical help if you feel unwell.

**Inhalation:** Remove person to fresh air and keep comfortable for breathing.
