

RIGOR

De-Limer

DE SCALER & RUST REMOVER

Rigor Delimer is used for easy removal of lime scale build-up on stainless steel and cast iron surfaces of dishwasher machines . It can also be used for manually cleaning such kitchen equipment as stainless steel table tops, counters, and food preparation equipment. An exceptional scale remover, Rigor delimer offers a truly deep clean. It quickly dissolves and removes lime, Iron rust, Soap scum, water stains and residues. Rigor can safely be used to clean virtually internal surfaces of all machines made of stainless steel, Aluminium , Copper ,Chrome, ceramic, glass and plastics.

Rigor Delimer contains a mixture of inorganic acids, surfactants and passivating agents which will clean and deliver extra brightness to metal surfaces. Rigor delimer is used on hard-to-remove substances, such as mineral deposits and dirt, which other cleaners are unable to remove.

Salient Features :

Cleans – removes Lime deposit and Rust from metal surfaces.
Cleans and brightens metals quickly
Does not chemically harm copper, iron, stainless steel or glass

Specification :

Appearance	: liquid
Colour	: Clear light blue liquid
Nature	: Acidic
Surfactant	: Non ionic
pH	: 4.5 to 5
Specific gravity	: 1.2 to 1.25

Directions for use :

Brush Cleaning: Use 10ml of Rigor Delimer per liter of water (8ml/L). Brush until clean and then rinse thoroughly with potable water.

Soak Cleaning: (Stainless steel utensils and other small items.) Use 10 ml of Rigor Delimer

per Liter of water. Soak for ten minutes. Brush if necessary. Rinse thoroughly with potable water.

Hard Water Film Remover: Apply Rigor Delimer at 15ml per Ltr of water. Brush until clean. After 10 minutes or when surface is clean, flush with potable water.

Delimer of Commercial Dish Washing Machines: Add Rigor Delimer to wash, power rinse, and scour tanks at 20-50 ml per liter of water, depending on amount of scale to be removed. Allow it to stand for some time. Rinse the machine twice. Deliming process is enhanced as solution temperatures are increased.

Safety

Rigor Delimer is an acidic product . Contact with skin and eyes may cause severe irritation. Harmful if swallowed. If splashed in eyes flush copiously with water for some time. If irritation persists consult a physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. Do not try to induce vomiting. Seek immediate medical attention.

Precautions :

Be sure to follow the manufacturer's directions when using delimers,. Always wear PPE (personal protective equipment), including safety glasses and gloves.

Be sure to flush/rinse any delimed surfaces thoroughly, leaving no trace of the product behind.

First Aid measures :
